

We are carrying out the next phase of our restoration of this historic building that has housed our Café Tea Rooms since 1937

In order to return the building to its former glory and ensure it is in good condition for the future, we are improving lighting in our Oak Room, during this time the Oak Room will be closed.

Throughout January whilst work is carried out, our Tea Room on the ground floor, our Shop and Betty's Stonegate are all open as usual.

We apologise for any inconvenience these works may cause and hope you like the improvements.
